“ *I have such fond memories of playing with Billy and Brenda at Grandma Wilburn's farm. We would all try to catch wild kittens, pick lilacs, and drink that good, cold water straight from the pump. I am so sorry, Shirley. Much love to you and your family. May your memories bring you some peace and comfort.*

“ Unbelievable young age to lose Bill, a sad loss for all!

I remember back to his cow herd days, at a Ritchie farm northwest of Fairfield. He was always interested in how to feed them right, and usually called ahead to be sure he'd get exactly what he wanted and when he would be in, or when we should deliver. Also recall Amanda packing tons of bags on that white Chevy pickup, so calves would have their nutrition!

Later was proud to see he & Ray shoulder the huge responsibility of running an ambulance service for Jefferson County, over several years, something even today we have difficulty finding responsible teams for.

“ Bill was one of the only people at Kieth's that looked forward to seeing me. Not only that, but he made work fun for me even on the hard days. He would always wait in the parking lot until everyone had left on closing shifts just to make sure we all left okay. His baking was the best, even though he always made me try the stuff I never thought I would. He had daily jokes, and always had something to say. I'm thankful I was able to meet him and have him a part of my life. I will forever miss him and remember him for the hard working man he was.
