“ I shared a picture of just one of the things I loved Cynthia for. She was always clipping pictures and articles out of the paper for anyone. If she knew you and you were on the paper, she would clip it out. I don't know how many times I would find clippings in my mailbox and I knew it was from Cynthia.

My years of working next door to her in 3rd grade were some ofy best years at DC. She was always there for me. Always listened... gently steered me on the right direction. I can honestly say that every decision I ever witnessed her make.. it was always a sound decision. I loved sitting by her in professional development meetings because she always made those meetings so much fun. I will miss her doodles, her giggle, the way she could say something under her breathe with a beautiful smile on her face. I will miss her always caring nature. I will miss how she would say "Oh Cynthia!" if she forgot something. I will miss how she would play with ticky tack at lunch time. On Sunday, I saw something that reminded me of her and thought, "Oh, I need to show Cynthia." I just can not believe she is gone.

I will miss her in so many ways. Our school will never be the same.

“ My cousin C.K. was someone who to me had a well-ordered life and seemed to float with grace from one set of responsibilities to the next. She took care of her mother, Ethel, all those years before and after work, welcomed her grandkids, and most likely helped her community as she always did. To me it was always Lyn, C.K. and I--the three cousins mentioned in the same sentence, and all who became teachers. How can we now live without C.K. beside us. While heaven became an even better place, we are left here on earth to find a way to cope with life after C.K. Help us Lord, and especially her family in these tough times where we remember your love through her. Dr. Linda Raffle, San Diego, CA

“ Cynthia better known to me as C.K. was a kind, gentle, loving, and generous friend. I met C.K. at UNI and we were room mates for 3 1/2 years. Over the years we weren't in touch as often, but when we were it was as if we were still seeing each other every day. CK loved her family and her teaching. She will always remain in my heart. She was a very special person and I know God has a special place saved for her next to Keith and Ethel!  
Leon, Troy, and Todd my heart goes out to you. You have my deepest sympathies. I know she will be deeply missed!

Wanted you to know you are in our thoughts and prayers at this difficult time. I always enjoyed visiting with Cynthia and our volleyball days. She was always so good at sending Christmas cards to us after we moved. So glad I was able to visit with her in Oct. when I was back for your Mom and G. Irene's funeral. Praying you feel God's comfort and peace in the days ahead.

“ Cynthia and I taught 3rd grade together at Davis County, along with Deb N. and Jodi L. Cynthia was one of the kindest and sweetest person I have ever known. She cared so much about her students and her family. At that time her mother was still alive and she stopped to see and tend to her every morning .Cynthia and I were two people you could always count on to be at school in our rooms on the weekend.. When we got weary, we would stop and visit for a while and then return to work. I treasure those visits. To Leon and the "boys", God for sure has a new angel and may he give you the strength to get through this difficult time. God bless you all. Kay Magel

“ My condolences go out to the family. She was a wonderful person and my sons favorite teacher. He is now 20 and still remembers her joyful personality and kind smile. He always came home from school excited about what they learned that day and was fortunate enough to have her as a teacher for two years. She will be greatly missed.

“ We are so sorry to hear of the loss of Cynthia. She will be missed by everyone who knew her! I remember how hard she worked on the farm taking care of the hogs and being at home for her boys in their younger years! We enjoyed playing cards back in the day! “ Have spent a lot of time today reflecting on who Cynthia was (CK to me). I met her at UNI through our mutual friend, Jenny. CK was warm, sweet, kind & inclusive - always made me feel I belonged. Many years passed as we both were busy raising our children & teaching. Christmas cards were exchanged - so my children knew about the grain bin accident as she sent us a news clipping. Finally we reconnected a year ago & it has been so sweet. Shopping, eating, talking, sharing life. No matter what she has gone through in life - she was a survivor! She always kept a positive attitude & a happy heart. She loved her 3 grand daughters & I'm sure she made them each feel special. She loved teaching & made learning fun. She will be greatly missed by so many. My prayers are with Leon, Todd, Troy & their families. May you find peace in knowing that Cynthia lived her life with purpose, made the world a much better place & will always be remembered with a great deal of love & affection. Tami (Hale) Miller

“ I am so sorry to learn of Cindy's passing. She and I taught together at Eddyville for several years and had a lot of fun in the after school hours. One of my fondest memories is when Cindy, myself, and two other teachers made a table costume, and all of four of us went out trick or treating. She was a great teacher and friend. “ I'm a newcomer to Bloomfield, but grew up and graduated from Eddyville. Mrs. Vogel was my first grade teacher. I had no idea until a couple of years ago that she taught here. I ran into her one day while visiting the school and recognized her beautiful, patient smile immediately. I approached her and asked, "I know it's a long shot, Mrs. Vogel, but do you happen to remember me?" Of course, I'm 41 now and have changed a lot since first grade, but I'll be darned if that wonderful woman didn't greet me with, "Joanna! I do remember you! How have you been?" She was truly a very special lady and I feel extremely grateful to have known her and had her touch my life. My heart and thoughts are with her and her family and friends.

As I read the other tributes, I remember the same caring and patient person that others do. I always knew I would see Cynthia, Kay and Sharon at school before, during and after the school day. Cynthia and I shared our experiences with our moms and her courage during her cancer was quiet and firm. She met that, as she did every day and every child, with a smile and encouragement for herself and for others. We don't understand the whys, we can only trust and be glad to have had this friend when we did.
