

Dr. John Finneran

May 25, 1939 - December 26, 2022

Dr. John Joseph Finneran, 83, of Bloomfield, Iowa passed away on December 26, 2022 at the Bloomfield Care Center. He was born on May 25, 1939 in Scranton, Pennsylvania to Martin Bernard and Dorthea M. Hazelton Finneran. On August 25, 1962 he married Carolyn Pettinato at St. Thomas Moore Catholic Church in Lake Ariel, Pennsylvania. The couple enjoyed 58 wonderful years of marriage. Carolyn passed away on September 13, 2020.

John was a 1957 graduate of Bordentown Military School in Bordentown, New Jersey, subsequently graduating from the University of Scranton with a bachelor's degree in biology and chemistry. He graduated from Marquette Medical School in Milwaukee, Wisconsin. Following his internship and residency, John served in the Air Force Medical Corp at Grissom AFB in Peru, Indiana. In 1972, John and Carolyn moved to Bloomfield, Iowa where he worked at the Gilfillan Clinic before opening his own practice, in Bloomfield. He was the epitome of a small town community physician, whose door and phone were always available. John retired in 2012 after 42 years.

Dr. Finneran was a strong supporter of the athletic programs in Bloomfield and at Davis County High School. He started the Junior Olympics program in Bloomfield for track and field and spent countless hours attending track meets all over the state. His efforts and donations were instrumental in building the first all-weather track at Davis County High in 1980. The track program would

win back-to-back Iowa State Championships the next two years with several members of that team being former Junior Olympic athletes that he coached.

John and Carolyn were avid sailors, with a boat on Lake Rathbun. They built a home in Punta Gorda, Florida in 2006 and spent many warm winters there, enjoying visits from their children, grandchildren, and many other friends and family members from the more northern states.

John is survived by five children, Michael (Denise) Finneran of Bloomfield, Kevin (Natasha) Finneran of Leaner, Texas, Martin Finneran of Dallas, Texas, Kathleen (Richard) Cooper of St. Louis, Missouri, Kristin (Steven) Fletcher of North Liberty, Iowa; six grandchildren, Austin Owen, Kaden Finneran, Natalia Finneran, Maya Fletcher, Sophie Fletcher, Ashley (Corey) Ward; two great-grandchildren, Aden and Addison; brother, Martin Finneran of Bloomfield; and several nieces and nephews.

A Celebration of Life gathering will be held at a later date in Bloomfield. Burial will be at Our Mother of Sorrows Cemetery in Clifford, Pennsylvania. A memorial has been established to the Davis County "A" Club and may be mailed to: Wagler Funeral Home, 304 W. Jefferson St., Bloomfield, Iowa 52537.

“ *Dr. Finneran and his beautiful wife, Carole, were dock neighbors with my parents at Lake Rathbun. We certainly made some fun memories there! It was probably the high point of my dads life to spend time with his fellow sailors/boaters on Lake Rathbun. My dad, Don, had great respect for John and Carole, and I think we all learned a thing or two from the good doctor. I feel privileged to have known them. My thoughts and prayers are with you all. I wish for wonderful memories to come washing over you like a wave when feeling the loss of your parents/grandparents/brother. With love and care,*

“ When reading the article “Paying tribute to Doc Finneran” in the Bloomfield Democrat: Dr Finneran said to Mike “I hope I did the community some good.” Oh how I wish I could have hugged Doc and said “Most certainly you did. Thank you Dr Finneran”, when he was here with us❤️🙏 Love and prayers to the family.

“ After several visits in Doc's office complaining of belly pain, Doc decided to do exploratory surgery. He woke me up in the recovery room to tell me that he and I would be having another date. I had a problem that required further surgery. I told him that I didn't like dating him because it was painful and he was expensive. He always had a smile. Later, as I walked out of the surgery unit, he came up to me and laid his hand on my shoulder and grabbed my hand. He told me to call the office for a new consult. When I got home and took my jacket off, I found his surgery cap in my pocket. He slipped it in there as he was talking to me. He was one of a kind.

“ John was a good man and a great physician: saved daughter Kali's life 25 years ago Christmas day. And he was always trying to get Myron to crew with him around the world. He figured Carolyn and I could meet them at different ports! Godspeed, John!

“ *My thoughts and prayers are with the family. I have so many memories of our families spending time together. The Finneran's house was full of laughter, energy and joy. Backyard barbeques, fireworks, swimming, caroling... Literally, the door was always open. John was an excellent physician and he left a great legacy in our community.*

This really make my heart happy. We bought the property a few years ago and have been updating it. It is a wonderful house that was owned by a very loving family! We still have the backyard barbecues, fishing at the pond, and fireworks! I am so thankful for the Finneran family and hope to take care of their family home.

I saw Dr. Finneran in the hospital about every week end for several times with flu like discomfort. After much testing he said I think you have celiac, I said I think so too. I stopped all gluten. Then I was great, we both rejoiced. All my love and prayers to his Family.

I began seeing Dr Finneran when I was 19....I doctored with him until his retirement. He delivered my first 2 children PROUDLY. The day he came into the exam room (spring of 1981) I hope I never forget the look on his face and the joy in his voice as he loudly and proudly told me , "JB! We're pregnant!" 💖 XO
My sincere sympathy for Mike and family 💖

“ *I cannot even begin to share all my memories of Dr. John. As well as being my Dr., I worked beside him in surgery for over 30 years. We heard so many stories from him as well as his fantastic knowledge of medicine in general. He was such a joy to work with even in the tense situations that only we surgical people can understand. He was a man who loved his family and friends and did all he could to help those in need of medical care. He will be greatly missed. Rest in peace Dr. John.*
