“ I want to thank Jack's sister, Judy, for always being a caring and loving sister. Jackson really looked forward to the Christmas box with gifts and the cards sent during the holidays and it would brighten his day. He would go and get the picture of Judy and him and show me along with the picture of him as a little boy on his dad's motorcycle.

“ I started working with Jackson (I have always called him Jackson for some reason) in February 2010 usually every weekend and we had a special bond and he was like a family member to me. He had a special place in his heart and a bond with everyone in his life. We had a lot of good times together and special memories. We will all miss him terribly!
