“ *Our condolences to the family and community for the loss of a very special man.
For me this news brought back warm memories from childhood and Mr. Wilkinson visiting family and friends when I was young. We all knew him as Uncle Red.
For Doug he remembers a wonderful, supportive educator who always had a smile and kind words to nudge us in the right direction.
Then later (Wilkie) and his family were great neighbors to Dougs mom and a man passionate about his community and organizations he was involved with. A life well lived. He will be missed.

Leon was a man with the energy and imagination of ten! He was devoted to preserving history, building people, remembering the sacrifices of others, and finding ways to connect to people from different backgrounds. I was grateful to interact with him in relation to his work with the Iowa Mormon Trail Association. I learned so much from him.

“ I didn't really know him when I was at the high school but I always thought that if I needed someone beyond regular teachers, that I'd be able to go to him. He always seemed easy going and someone who cared.
