“ *One of the most talented people I have ever been associated with. Rick could fix a faucet in your house or put a clutch in a semi. When he worked for me he was so polite to the customers and always shared his lunch with the cats. He will always be "My Rick". Dan Hutchings*

Thank you for this. This is the best description I've heard about my dad yet, especially with him sharing his lunch with the cats. Reading this put a smile on my face.
